Going to College: AB 540

CHIRLA's Wise Up! high school students present at AB 540 signing.

Before AB540

- Before 2001 undocumented students living in California had to pay out-of-state tuition for colleges/universities in CA.
- Out-of-state tuition made college out of reach for many undocumented students.
- Thousands of undocumented students live in CA, graduate from CA high schools, pay taxes, and help their community.

What is AB540?

- A law in CA that allows eligible students: U.S. Citizens, Legal Permanent Residents and undocumented students qualify for in-state tuition.
- AB 540 does not make you eligible for financial aid
- AB 540 does not provide a path to fix your immigration status

What are the AB540 requirements?

- 1.) Have attended a California high school for 3 or more full academic years (between grades 9 through 12. They do not need to be consecutive years)
- 2.) Have or will graduate from a California high school or have attained a G.E.D. or received a passing mark on the California High School Proficiency Exam (CHSPE)
- 3.) Register or be currently enrolled at an accredited institution of public higher education in California

The student must:

- File or plan to file an affidavit as required by individual institutions, stating that he/she will apply for legal residency as soon as possible
- Not hold a valid non-immigrant visa (F, J, H, L, A, E, etc.)

**The information the student shares with colleges/universities is confidential and protected under federal and state laws.*

AB 540 Affidavit

- Affidavit must be filled and send to the college or university by their set deadlines.
- You can find document online via Google or through the colleges/universities
